- Advertising in the "507 Express" as follows:
  - Classifieds - \$2.00 per month
  - 1/8 page - \$5.00 per month
  - 1/4 page - \$10.00 per month
  - 1/2 page - \$15.00 per month

Paddy and Murphy are working on a building site.

Paddy says to Murphy, "I'm gonna have the day off, I'm gonna pretend I'm mad!" He climbs up the rafters, hangs upside down and shouts "I'M A LIGHTBULB! I'M A LIGHTBULB!"

Murphy watches in amazement!

The foreman shouts "Paddy you're mad, go home." So he leave the site. Murphy starts packing his kit up to leave as well.

"Where the hell are you going? Asks the Foreman.

"I can't work in the dark! Says Murphy.

Reilly went to trial for armed robbery. The jury foreman came out and announced, "Not guilty."

"That's grand!" shouted Reilly. "Does that mean I can keep the money?"

Paddy is said to be shocked at finding out all his cows have Bluetongues.

"Be leysus!" he said, "I didn't even know they had mobile phone!"

The 507 Express is a community based newsletter. It welcomes submissions and letters to the editor on subjects of interest to our readers. The editor reserves the right to edit any

submission to meet space requirements, for clarity or to avoid obscenity, libel or invasion of privacy. All letters to the editor must be signed and include a telephone number for verification purposes. (Phone numbers will not be printed.) Views expressed in columns, letters and articles are those of the writer and do not necessarily reflect the opinion of this newsletter.

## Beginning in March

We are starting again – new time!!!

## Residents Ages 12-17 are Now Eligible for a COVID-19 Booster Dose

*Vaccine Clinic Calendar is Updated Weekly*

Starting February 18, residents aged 12-17 years are eligible to receive a COVID-19 booster dose at a date that is at least **6 months (168 days) after their second dose was received**. Residents must be at least 12 years of age to book a booster dose appointment.

At this time, residents 12-17 years of age who require a booster dose are asked to book an appointment through the provincial vaccine booking system. Appointments can be booked:

- Over the phone by calling 1-833-943-3900 or,
- Online at <https://covid-19.ontario.ca/book-vaccine/>

Residents can still receive a COVID-19 vaccine from participating pharmacies. Pharmacy locations can be found on the provincial webpage at <https://covid-19.ontario.ca/vaccine-locations>.

“Two doses of the COVID-19 vaccine are no longer enough to prevent infection,” said Dr. Thomas Piggott, Medical Officer of Health. “We are seeing that three doses of the COVID-19 vaccine are more effective at reducing a person’s risk of hospitalization. It is also more effective at preventing infection altogether.”

Peterborough Public Health will continue to host COVID-19 vaccine clinics throughout Peterborough County and City. Dr. Piggott encourages residents to review the COVID-19 vaccine clinic calendar to find a location near them. “The clinic calendar contains information on the COVID-19 vaccine clinics that we are hosting. We encourage residents to view the eligibility criteria and booking details for a clinic before attending,” said Dr. Piggott.

The COVID-19 vaccine clinic calendar can be found on the Peterborough Public Health webpage at [www.peterboroughpublichealth.ca/vaccineclinics](http://www.peterboroughpublichealth.ca/vaccineclinics)

## Hours of operation at Transfer Station Sites are changing as of April 1, 2022

### Changes include:

#### • Summer Hours

- Summer Hours will be in effect **April 15 to September 15.**
- Sunday hours during the summer will be from 11:00 a.m. to 7:00 p.m.

#### • Winter Hours

- Winter Hours will be in effect **September 16 to April 14.**
- Sunday hours during the winter will be from 11:00 a.m. to 4:00 p.m.

For more information visit [www.trentlakes.ca](http://www.trentlakes.ca)

Thanks to everyone for making it possible to use the rink this winter.  
We really enjoyed both the skating and sliding down the mountains of snow.

Don't forget if there is school there is youth group ...Tuesdays at the

Cavendish Community Centre from 6 – 7:30. Dress for the weather please.

## It's a Part of Our History

The Townships of Galway and Cavendish which were united for municipal purposes occupy the north west portion of Peterborough County. Galway is bounded on the north by the County of Haliburton, on the south by the Township of Harvey, on the east by the Township of Cavendish and the west County of Victoria. Galway was surveyed between 1857 and 1860. First settlement was attempted in 1858-59. Kimmount and Mount Irwin have post offices. Cavendish the same length as Galway but narrower has the same north neighbour and south one plus Township of Burleigh there naturally Galway is on the west and the Township of Anstruther on the east side. Galway opened in 1857 and Cavendish in 1862. Cavendish was surveyed in 1862-62. Cavendish Township is the township in Peterborough County immediately to the east of Galway Township. Despite being Galway's twin, it has completely different history. Galway was accessed from the Buckhorn Road and gravitated more to Victoria County and Kimmount than Peterborough County. Cavendish on the other hand was orientated towards Buckhorn and the rest of Peterborough County. In the early 1920's, Cavendish was granted its one only post office, it was named Catchacoma after the lake it sat beside and gained fame as Ontario's smallest post office! It was a summer-only post office run by the Cochrane family as part of their summer lodge. When the Cochrane's retreated south in the fall, they closed the post office and literally abandoned the area! The post office was closed permanently in 1940s. The municipality was formed in 1998 as Galway Cavendish and Harvey through an amalgamation of the township of Galway & Cavendish and the township of Harvey. On February 19<sup>th</sup>, 2013, the municipal council passed a bylaw to change the name of the township to the Municipality of Trent Lakes.

## Organize Your Garden

In March you should:

- Plant flower and vegetable seeds indoors
- Prune fruit trees
- Spray fruit trees with Dormant Oil
- Press garden perennials back into place if they have heaved.
- Repair rodent damaged trees and shrubs with tress dressing.
- Prune summer flowering shrubs.
- Prune back over-grown shade trees and shrubs
- Teat houseplants with water soluble fertilizer
- Start tuberous begonias in pots.

### Seasonal Labourer (6 months) May to October

**Type:** Seasonal

**Salary:** \$21.07 per hour – As per April 2022 increase under CUPE Contract

**Hours of work:** 40 hours per week

**Department:** Public Works

**Number of Positions Available:** 2

The Municipality of Trent Lakes is accepting applications for two Seasonal Labourers.

The successful candidates must have the following qualifications:

- Grade 12 or equivalent;
- 1-year previous experience in a construction or Labourer position;
- Understanding of Ontario Traffic Manual Book 7 – Traffic Protection;
- Ability to obtain Chainsaw Operator Safety Certificate and Propane Safety Certificate;
- Ability to complete WHMIS training and Flag person training;
- Demonstrated knowledge of flagging and construction maintenance regulations.
- Ability to use tractor packer, sledge hammer, cut off saw, steamer, chainsaw and hand tools on a regular basis;
- Knowledge of municipal road maintenance programs and construction methods is required.

The full job description is available at <http://www.trentlakes.ca/departments/human-resources/job-postings/>.

Let us know why you would be an excellent team member by submitting your application.

Applications must be clearly marked "Seasonal Labourer" and will be received in confidence no later than 4:00 p.m., Monday, March 15, 2022. Please submit your resume to the Human Resources Coordinator, Municipality of Trent Lakes, 760 Peterborough County Road 36, Trent Lakes, Ontario K0M 1A0. E-mail submissions are acceptable at [hr@trentlakes.ca](mailto:hr@trentlakes.ca).

*Candidates are encouraged to inform of any accommodating requests so that they can be dealt with throughout the recruitment process. Personal information is collected pursuant to the Municipal Freedom of Information and Protection of Privacy Act and will be used only to evaluate the suitability of applicants for employment.*

## Letter to the Editor

Hi Kathy

I am still around. Sorry if you "missed" me for the past 2 months. (Possibly even more sorry if you didn't.) I just couldn't find the energy to write something I thought anyone would enjoy. I'm not really a writer (I spent my entire career as an editor stamping my feet and sulking if I was required to write rather than edit); however, I have enjoyed the stories, opinions and occasional rants the 507 Express has been kind enough to publish for me. Then, in December I just ran out of steam.

Although I have obeyed the covid rules pretty well, I was very busy all last year, half of which I managed to spend at the cottage (that's a record for me!). When I got home in mid-November, I felt driven to get ready for Christmas. Of course, at that time, having a modest number of friends in for a nice turkey dinner seemed a reasonable prospect, but it meant I had to move fast. After 6 months, of abandonment my apartment needed another thorough cleaning (if you know where all the dust comes from in a long-empty apartment whose windows are closed, please clue me in – otherwise, I suspect there may be a PhD thesis in there somewhere).

Every time I come home from my summer interlude in paradise, I decide the time has come to wreak some order in a drawer or cupboard that has been long ignored. One year, it was the first aid collection, other times it has been my kitchen junk drawer. This year, it was my jewellery collection (nothing has any monetary value but I really enjoy wearing much of it), my drawers (yes, plural – what was I thinking?) of candles, the boxes of newspaper articles I have collected with the expectation that one day I might write about those stories, not to mention finding hidey-holes for my summer clothes (why did I bring them home anyway?). I even reorganized my locker (because of those clothes).

After Christmas came and went (a story for another time), I suddenly found I could relax, except my January story was overdue. At that point, all my energy abandoned me and my mind rebelled. NO MORE DEADLINES!

So, I have spent the next 2 months doing pretty much only what I wanted. Aside from lying in bed listening to podcasts or radio stations all over the country on my phone and reading mostly quite old Nordic-noir mysteries, I have finally started reading my collection of surreptitiously acquired, old *New Yorker* magazines.

I live in a small co-op with the denizens of 29 other apartments who clearly have more disposable income than I do. They spend a not-inconsiderable amount of it on newspapers (often barely read) and also on high-end magazines they obligingly dispose of in the recycling bins. Therefore, I have become a "dumpster-diver." When I'm in the city I usually can count on getting at least 4 days of *The Globe and Mail* a week, at least 1 or 2 *New York Times*'s a month and the occasional *Toronto Star*. Truth to tell, it's not just the news stories and opinion pieces I like – I also covet the Sudokus and crossword puzzles (though not the cryptic crosswords, which I have no clue how to do [oops, pun unintended]). And, then, from time to time, someone disposes of a treasure trove of *New Yorkers*. Once I finally dug into my big box of old *New Yorkers* I discovered that I had also collected 5 *New Scientists* (wonderful) and 2 *Vanity Fairs* (inexplicable).

So, what's with my sudden attraction to *The New Yorker*? I have previously often felt that I *should* like the magazine. However, I was daunted by the length of the main articles, and I never found the cartoons funny; mostly, I didn't even get them. More recently, I have photographed 3 I found hilarious to share with friends (no one got one of them, even when I explained what I thought was funny; everyone got the other 2, but admittedly, they did feature cats). On the other hand, I am always amazed by the cartoons on the back page and the captions readers invent for them. Possibly the brilliance of those readers has depressed me.

However, I was determined not to be defeated by the nearly 90 issues (!) I had accumulated, not to mention the numerous back issues of Canada's *The Walrus* to which I actually subscribe and which also has some pretty long articles. So, confronting a covid winter with no deadlines, I felt nothing should prevent me from reading those long, well written articles. And, in fact, nothing has. Today I disgraced myself by laughing out loud in public several times reading a vignette about 1 mouse plaguing a couple in a co-op (other people's mouse problems are much funnier than one's own). I've also learned about how we make decisions, how academic research has become intertwined with big business, QAnon in Canada, and recommendations for saving the middle class. And much more.

So, please forgive my absence. I don't promise it won't happen again but, until next time, stay safe.

# Peterborough Public Health Issues

## Drug Poisoning Warning

### *Public Asked to Help Prevent Overdoses and Avoid Stigmatizing People Suffering from Addictions*

Today Peterborough Public Health issued a warning regarding an increase in suspected drug poisonings locally. Peterborough Public Health detected increases in Emergency Department Visits and Paramedic Calls for Service. On Tuesday February 22, there were a total of six unique overdose-related incidents for which medical attention was sought, including Emergency Department Visits and Paramedic Calls for Service. In the last week (February 16-22), there has been thirteen overdose-related emergency department visits and ten opioid-related paramedic calls for service. Due to this increase, Peterborough Public Health is issuing a public warning in the hopes of preventing further harms in the community.

For the prevention of drug-related harms, Peterborough Public Health advises if you use substances:

- Don't use drugs alone.
- If using with a friend, do not use at exactly the same time.
- If using alone, have a plan. Ask someone to check on you or call the National Overdose Response Service [1-888-688-6677](tel:1-888-688-6677).
- Carry a naloxone kit. Keep it visible and close by.
- Avoid mixing drugs.
- Test your drug by using a small amount first.
- Call 911 immediately if someone starts to show signs of an overdose and/or cannot be resuscitated after naloxone is administered.

Peterborough Public Health encourages everyone to recognize the signs of opioid overdose and know what to

- Skin is cold and clammy
- Fingernails or lips are blue or purple
- Body is very limp
- Can't wake the person up
- Deep snoring or gurgling sounds
- Breathing is very slow, erratic or has stopped
- Pupils are very small

If an overdose is witnessed: Call 911. Give naloxone. Stay with the person until help arrives.

Under Canada's Good Samaritan Drug Overdose Act, anyone who seeks medical help for themselves or for someone else who has overdosed, WILL NOT be charged for possessing or using drugs for personal use.

Peterborough Public Health is also encouraging members of the public to use the recently launched 'Drug Reporting Tool'. This tool is an anonymous survey to report overdose incidents and harms in the community. Any information shared through the survey supports Peterborough Public Health and community partners in responding to and preventing overdoses in the Peterborough Area. The Drug Reporting Tool can be accessed by [clicking here](#).

For more information, or to find out how to access naloxone, please visit [www.peterboroughpublichealth.ca](http://www.peterboroughpublichealth.ca) and search for "Opioids"

#### **A Special Thanks!**

**We would like to extend a great big "Thanks You" to Terry Lambshead for keeping our driveway cleared these past few weeks. It gave us such comfort to know that emergency vehicles had easy access right to our door. We sincerely appreciate caring neighbour's like you!**

**Sincerely**

**Dave & Betty Tate**

### How Well Do You Know Your Country?

1. Where in Canada would you find the only two operating National Marine Conservation Areas?
  - a.) British Columbia and Newfoundland and Labrador
  - b.) Ontario and Quebec
  - c.) New Brunswick and Nova Scotia
  - d.) Nunavut and British Columbia
2. What is the per capita GCP of Canada?
3. How many species of wild canid are found in Canada?
  - a.) 4
  - b.) 6
  - c.) 12
  - d.) 36
4. How long does one need to live in Canada to become a permanent legal resident?
5. What is the main pray of the Canadian Lynx?
6. Which Canadian mixed martial artist is considered to be one of the greatest fighters in MBA history?
7. What are the major threats to endangered vertebrate species in order from most threatened to least?
  - a.) Agriculture/aquaculture
  - b.) Logging
  - c.) Invasive species
  - d.) Direct killing
8. What is Canada's largest rodent?
9. In which province or territory's rivers could you find a white sturgeon?
  - a.) Yukon
  - b.) British Columbia
  - c.) Nova Scotia
  - d.) Saskatchewan
10. Which tree genus does the invasive Asian long-horned beetle mainly attack?

## Driving an Off-road vehicle

Off-road vehicles (sometimes called ORVs) are any two- or three-wheeled motorized vehicles, as well as specific vehicles with four or more wheels as prescribed by regulation, intended for recreational use. Examples of off-road vehicles include all-terrain vehicles (ATVs), two-up ATVs, side-by-side ATVs, utility terrain vehicles (UTVs), amphibious ATVs, off-road motorcycles and dune buggies.

**Note:** Electric and motorized scooters (commonly known as go-peds) and pocket bikes (which are miniature motorcycles about two feet in height and with a speed of 70-80 km/h) are not off-road vehicles and, as such, cannot be registered as off-road vehicles. These vehicles also do not comply with motorcycle standards and cannot be registered as motorcycles.

### What you need to drive an off-road vehicle in Ontario

You must be 12 years of age or older to drive an off-road vehicle, except on land occupied by the vehicle owner or under the close supervision of an adult. Direct and close supervision by an adult is recommended.

While off-road vehicles are generally not allowed on public roads, there are some exceptions. (See the section "Where you can and cannot drive.")

### Registering and insuring your off-road vehicle

Off-road vehicles must be registered with the Ministry of Transportation at a ServiceOntario centre. This applies to both new and used vehicles. You must be 16 years or older to register an off-road vehicle, and you must be able to prove you own the vehicle.

If you buy a new off-road vehicle, you must get a certificate of sale from the dealer.

If you buy or transfer ownership of a used off-road vehicle, you must present the signed vehicle portion of the vehicle permit from the previous owner.

You must pay a fee to register your off-road vehicle. After registering, you will be given a vehicle permit and licence plate. You should carry the vehicle permit at all times unless you are operating the vehicle on land occupied by the owner of the vehicle.

If you have a two- or three-wheeled vehicle, attach the licence plate to the front of the vehicle in plain view. If you have a vehicle with four or more wheels, attach the licence plate to the rear of the vehicle.

You must register your vehicle within six days of becoming the owner. If you change your address, you must notify the Ministry of Transportation within six days of the change. You may do this in person at a ServiceOntario centre, by mail to the Ministry of Transportation, P.O. Box 9200, Kingston, ON K7L 5K4, or on the ServiceOntario website (<http://www.serviceontario.ca>).

If you are driving your off-road vehicle anywhere other than on the vehicle owner's property, you must also have vehicle liability insurance. You must carry the insurance card with you and show it if requested by a police officer. If someone else uses your off-road vehicle with your consent, you are both responsible for any penalties, damages or injuries that may occur.

The following vehicles do not need to be registered as off-road vehicles: road-building machines, farm vehicles, golf carts and motorized wheelchairs. In addition, off-road vehicles participating in a rally or competition sponsored by a motorcycle association with more than 25 members do not need to be registered for the event.

### Wear a helmet

You must wear a motorcycle helmet, as required by the *Highway Traffic Act*, whenever you drive or ride on an off-road vehicle or on any vehicle towed by an off-road vehicle. The only exception is when you operate the vehicle on the property of the vehicle owner. The helmet must meet the standards approved for motorcycle helmets, or motor-assisted vehicle helmets, and must be fastened properly under the chin.

### Protect your face and body

Always wear a face shield or goggles. A face shield can help prevent windburn, sunblindness and watering eyes from the wind. It can also protect your eyes from branches and twigs when driving through wooded areas. Wear pants that cover your legs, a long-sleeved shirt or jacket to protect your arms and gloves. Boots should be high enough to cover your ankles. To make yourself more visible to others while driving, wear brightly coloured clothing.

## Make sure your vehicle is in good condition

Before every trip, check your vehicle to make sure it is in good working order. Your life may depend upon it. Check the vehicle thoroughly before you start to drive, including the following:

- Check the brake control to make sure it moves freely. Adjust if necessary.
- Check that the throttle opens and closes smoothly in all steering positions.
- Check the condition of the tires and tire pressure.
- Check the fuel lines and connections to make sure there are no leaks.
- Check that you have enough fuel and oil.
- Check that the engine is running smoothly. Make sure the is in neutral before starting the engine.
- Check that your lights are in good working condition.

## Be well prepared for every trip

Carefully preparing for every trip is an important safety measure. Check local weather forecasts and make sure you tell someone where you will be travelling and when you expect to be back. Use the buddy system; drive with others, not alone. Take along a first-aid kit, a vehicle repair kit, an extra ignition key, a drive belt, spark plugs and a rope. On long trips, include a map and a compass (or a GPS unit and know how to use it), flashlight, hunting knife, hatchet, extra fuel and matches in a waterproof box.

## Where you can and cannot drive

You may not drive an off-road vehicle on most public roads in Ontario. This includes the area between the boundary or property lines, including medians, shoulders and ditches.

There are some exceptions:

- You may drive an off-road vehicle directly across some public roads.
- You may drive certain off-road vehicles with three or more wheels along some public roads when using the vehicle for farming, for licensed hunting or for the trapping of fur-bearing animals, provided that the vehicle weighs 450 kilograms or less and does not have an overall width greater than 1.35 metres (excluding mirrors).
- You may drive an off-road vehicle within a provincial or public park if it is permitted by the park authority.
- Emergency personnel, such as police officers and firefighters, who are performing necessary duties in the course of their work or who are responding to an emergency, may drive off-road vehicles on public roads.

There are also exceptions for the category of off-road vehicles known as all-terrain vehicles (ATVs).

If you do drive an off-road vehicle on or across a public road, you must be at least 16 years of age and have a valid Ontario driver's licence (Class G2, M2 or higher).

You may not operate an ATV in such a way as to disrupt or destroy the natural environment, including fish habitats, property and plants or trees.

For more specific information on where you may operate off-road vehicles, and what rules you must follow when doing so, you should refer to the *Highway Traffic Act* and the *Off-road Vehicles Act*.

## All-terrain vehicles (ATVs)

All-terrain vehicles are off-road vehicles with the following characteristics: four wheels, all of which are in contact with the ground; steering handlebars; and a seat designed to be straddled by the driver.

There are sections of provincial highways in Ontario where you may drive an ATV on the shoulder, provided the ATV weighs 450 kilograms or less, does not have an overall width greater than 1.35 metres (excluding mirrors), meets the requirements of the federal Motor Vehicle Safety Act and the American National Standards Institute Standard, and is designed to carry only a driver and no passengers. You must travel in the same direction as the traffic using that side of the road. If there is no shoulder, if the shoulder is obstructed or if you are crossing a level railway crossing, you may drive your vehicle on the paved part of the highway. Keep as close as safely possible to the right of the shoulder or edge of the highway as you can.

Where a road or highway falls under the authority of a municipality, the municipality must enact a bylaw for ATVs to be allowed access to the road. If there is no bylaw in place, you cannot drive an ATV on that road. The municipality may also pass bylaws to decide where and when ATVs may be used on these local roads.

For those roads and highways where you are permitted to drive an ATV, you must obey all licensing and operational requirements, and your vehicle must conform to all equipment requirements, as listed in the *Highway Traffic Act* and the *Off-road Vehicles Act*. Remember the following rules:

1. You must have a valid Ontario driver's licence (G2, M2 or higher).
2. You must wear a motorcycle helmet with a chin strap that is securely fastened.
3. You cannot carry passengers on your vehicle.
4. You must drive at speed limits lower than those posted: where the posted speed is 50km/h or less, you must drive 20 km/h or less; where the posted speed is over 50 km/h, you must drive 50 km/h or less.

In general, A.T.V.s are not permitted on controlled-access highways, such as the 400 series highways and most parts of the Trans-Canada Highway, but are allowed access to highways 500 to 899, the 7000 series highways and highways with low traffic volumes.

For more details about which highways A.T.V.s may drive on, please refer to the *Highway Traffic Act*, Ontario Regulation 316/03.

## **Obey the rules**

You must stop if a police officer signals you to do so. You can also be stopped by a landowner when you are driving on private property. If signalled to stop by an authorized person, you must stop and, if asked, properly identify yourself.

Everyone who drives an off-road vehicle without care and attention or without reasonable consideration for other people and property may be charged with careless driving. Other offences, such as dangerous driving and alcohol related offences, apply to drivers of off-road vehicles. When you drive an off-road vehicle on a public road, the *Highway Traffic Act* offences also apply.

## **Report collisions to the police**

You must report to the police immediately any collision on a public highway that results in injury to any person or damage to property apparently exceeding \$2,000.

## **Do not drink and drive**

It is against the law to drive an off-road vehicle when you are impaired by alcohol or drugs.

Drinking and driving is a deadly combination.

Consuming any amount of alcohol before you ride affects your ability to make good decisions. Even one drink can reduce your ability to concentrate and react to things that happen suddenly when you are driving. With more alcohol in your blood, you could have trouble judging distances and your vision may become blurred. Factors like tiredness, your mood, and how long ago you ate and how much, can make a difference in how alcohol affects your driving ability.

The police can stop any driver to determine if alcohol or drug testing is required. They may also do roadside spot checks. When stopped by the police, you may be told to blow into a machine that tests your breath for alcohol, a roadside screening device, or perform physical co-ordination tests. If you fail or refuse to provide a breath sample or to perform the physical co-ordination tests, you will be charged under the Criminal Code.

If the reading on the machine shows you have been drinking, you may be taken to a police station for a breathalyzer test. The breathalyzer uses your breath to measure the amount of alcohol in your bloodstream.

If you cannot give a breath sample or it is impractical to obtain a sample of breath, the police officer can require you to provide a blood sample instead.

If the police believe that a driver is impaired because of the consumption of a drug or a combination of alcohol and a drug, they can also require a driver to submit to an evaluation and then require a driver to provide blood, oral fluid or urine samples. If you fail or refuse to comply with any of these demands, you will be charged under the Criminal Code.

Driving impaired or with more than 80 milligrams of alcohol in 100 millilitres of blood (.08) is an offence under the Criminal Code. Even if your blood-alcohol concentration (BAC) is less than .08, you can still be charged with impaired driving under the Criminal Code.

You will receive an immediate 90-day administrative driver's licence suspension if BAC is more than .08 or if you fail or refuse to provide a breath or bodily fluid sample, perform a physical co-ordination test or submit to an evaluation.

If you register in the "warn range" of .05 to .08 on a roadside screening device, you will receive an immediate driver's licence suspension. For a first occurrence, you will be suspended for three days. For a second occurrence in a five-year period, you will be immediately suspended for seven days and you must undergo a remedial alcohol-education program. For a third or subsequent time in a five-year period, you will be immediately suspended for 30 days, and you must undergo a remedial alcohol-treatment program and have an

ignition interlock condition placed on your licence for six months. If you choose not to install an ignition interlock device, you must not drive until the condition is removed from your licence.

If you are 21 years old and under and hold a full-class driver's licence, you must not drive if you have been drinking alcohol. Your blood-alcohol level must be zero. If you are caught driving with alcohol in your blood, you will receive an immediate driver's licence suspension at the roadside for 24 hours and, if convicted, you will face a fine and a 30-day licence suspension.

Drivers of all ages in either Level One or Level Two of Ontario's graduated licensing system must also have a blood-alcohol level of zero when driving. New drivers caught drinking and driving will receive an immediate driver's licence suspension at the roadside for 24 hours and, if convicted, will face a fine and will receive a suspension period as per the Novice Driver Escalating Sanctions scheme. For the first occurrence, you will be suspended for 30 days. For the second occurrence, in a five-year period, you be suspended for 90 days. For the third occurrence in a five-year period, the novice portion of your driver's licence will be cancelled, and you must reapply for a G1 licence.

Novice drivers will also be charged under the Criminal Code if their BAC exceeds .08 and will be issued a "warn range" suspension if they register a BAC from .05 to .08.

## **Drugs**

Any drug that changes your mood or the way you see and feel about the world around you will affect the way you drive. Criminal Code and *HTA* sanctions apply to drivers impaired by alcohol or a drug.

In circumstances involving possible impairment by a drug or a combination of alcohol and a drug, police can require a driver to perform physical co-ordination tests and to submit to an evaluation and then require a driver to provide blood, oral fluid or urine samples. If you fail or refuse to comply with any of these demands, you will be charged under the Criminal Code. You will also receive an immediate 90-day administrative driver's licence suspension.

Illegal drugs such as marijuana and cocaine are not the only problem. Some drugs that your doctor may prescribe for you and some over-the-counter drugs can also impair your driving. Here are some points you should remember:

- If you use prescription medicines or get allergy shots, ask your doctor about side effects such as dizziness, blurred vision, nausea or drowsiness that could affect your driving.
- Read the information on the package of any over-the-counter medicine you take. Any stimulant, diet pill, tranquilizer or sedative may affect your driving. Even allergy and cold remedies may have ingredients that could affect your driving.
- Drugs and any amount of alcohol together can have dangerous effects, even several days after you have taken the drug. Do not take a chance; ask your doctor or pharmacist.

## **Do not carry passengers**

Do not carry passengers on an off-road vehicle designed for one person. Carrying passengers changes the weight distribution of the vehicle and limits your ability to shift position on the vehicle for control and stability.

## **Practice safe driving skills**

Driving an off-road vehicle is different than driving any other type of vehicle, and takes more skill than you might think. Be sure to read your owner's manual before you begin to drive.

If you are a beginner, practise driving your vehicle in an open area that is free of obstacles, until you become skilled at handling it. Choose ground that is uniform, either dirt, sand or snow. Avoid paved surfaces when driving an off-road vehicle. ATVs are designed for off-road use and are more difficult to manoeuvre on paved surfaces. When driving, keep both feet on the footrests at all times. Do not try to stabilize a tipping vehicle by putting your foot down. You could run over your foot or leg.

Be extremely careful driving through water. Driving fast across unknown water is dangerous. Hidden rocks or holes could throw you off the vehicle and cause serious injury or drowning. First, check that the water is not too deep. Drive slowly and carefully so you can steer around rocks and other obstacles.

Always use a flag mast when driving in dunes and hills. Remember that you need a running start to climb most hills. Be extra cautious when driving among pedestrians, horseback riders, sunbathers or bicyclists.

## **Burn Permits**

Burn Permits are required - you must have a permit for ANY open air burning. Fire Permits are available on line through the Municipality of Trent Lakes web site or phone 705-738-3800 extension #301 or 1-800-374-4009 Extension #301.

# Only You Can Prevent Cooking Fires

Cooking left  
unattended  
is a leading  
cause of  
home fires  
in Ontario.

*How do I keep myself  
and my loved ones safe?*

- To prevent cooking fires, you must **be alert**. You will not be alert if you are sleepy, have consumed alcohol, drugs or medicine that makes you drowsy.
- **Always stay in the kitchen while cooking.** If you must leave, turn off the stove.
- Keep anything that burns—oven mitts, cooking utensils, dish cloths, paper towels and pot holders—a **safe distance from the stove.**

- Keep a **proper-fitting pot lid** near the stove when cooking. If a pot catches fire slide the lid over the pot and turn off the stove. Do not move the pot until it has cooled completely.

*Test them  
every month.*

For more information contact your **local fire department**.

5. Snowshoe hares
6. Georges St-Pierre
7. Hunting (direct killing/harvesting), agriculture, logging, invasive species
8. Beaver
9. B.) British Columbia
10. Maple. Other possible answers: Maple tree, Acer

# KID'S PAGE

## MAKE A WISH

### On a Wishbone

- ★ Collect the wishbone from a chicken or turkey. Clean it off, then put in a warm, dry place for a day or two to let it dry out.
- ★ Have a friend grab one "handle" of the bone while you grab the other. Do not put a finger on the "head" of the bone to give yourself a better grip! This is cheating, and your wish will be rejected by the wish fairy. Your partner's wish will automatically jump into the "under consideration" queue.
- ★ At the count of three, each person makes a wish and pulls on the wishbone. When the wishbone snaps, examine both bits. The person who gets the larger piece of bone (the one with the "head" on it) will have his or her wish come true.

### On a Star

- ★ Wait for a clear evening.
- ★ When you notice the first star in the sky, recite the following poem:  
**STAR LIGHT, STAR BRIGHT  
FIRST STAR I SEE TONIGHT  
I WISH I MAY, I WISH I MIGHT  
HAVE MY WISH COME TRUE TONIGHT**
- ★ Close your eyes.
- ★ Make your wish.
- ★ Don't tell anyone your wish!

### On a Rainbow

When you see a rainbow, make the same wish three times. See if you can "catch" the rainbow in your hand. If you can, close your hand, make your wish, then "toss" the rainbow into the air to make the wish come true.

### On a Dandelion

When you find a dandelion that has gone to seed, pick it, close your eyes, and make a wish. Blow off all the seeds in one blow. Watch as each seed carries your wish away to be granted.

**Q: What kind of coat can only be put on when wet?**

A coat of paint.

## Jokes

**What's an ig?**  
A snow house without a loo

**What do Mexican snowmen eat?**  
BRRR-itos

**What's the fastest type of pullover?**  
A ski jumper

**What do snowmen eat?**  
Icebergers

**What's a Roman's favourite weather?**  
Hail Caesar

## Fun List

If it snows you can throw snowballs. What can you throw if...

**You're in a bakery?**  
**You've got extra feet?**  
**You're in a boat?**  
**You're a rook?**  
**You're Robin Hood**  
**You're not fast?**  
**You're Santa?**

**Doughballs**  
**Toeballs**  
**Rowballs**  
**Growballs**  
**Boatballs**  
**Snowballs**  
**Ho-ho-ho-balls**

## Shapes

**Directions:** Look at the list of shape words. Find and circle those words in the puzzle below.

**CIRCLE**  
**CORNERS**  
**DIAMOND**  
**HEXAGON**  
**OVAL**

**RECTANGLE**  
**SHAPES**  
**SIDES**  
**SQUARE**  
**TRIANGLE**

# Peterborough Public Health Shares Safety Tips to Prevent Opioid Poisonings

## *One Local Resident Died On Average Every Week in 2021 Due to Drug-Related Overdoses*

Today Peterborough Public Health issued a reminder to the public about the importance of overdose prevention and not using drugs alone.

“Over the last 12 months, we have seen an unprecedented amount of opioid-related paramedic calls for service and emergency department visits,” explained Dr. Thomas Piggott. “This has prompted us to issue a public reminder in hopes of preventing further harms in the community. If you or a loved one uses drugs, practicing harm reduction, planning ahead, and connecting to available supports can help you and your community stay healthy and as safe as possible.”

Dr. Piggott noted that in 2021, there were on average four opioid overdose drug-related deaths every month in the Peterborough area. “Based on this average, we are losing one person per week, let alone the countless other impacts this is having within communities across our region.”

Local paramedics saw a doubling of calls for service related to opioid poisonings last year, from 262 calls in 2020 to 540 calls in 2021.

“Provincial funding and more local supports for safe consumption of drugs and other harm reduction services are critically important at this juncture in the ongoing opioid crisis,” stated Dr. Piggott.

Peterborough Public Health advises if you use substances:

- Don't use drugs alone
  - If you use with a friend, do not use at the exact same time
  - Have a plan – Ask someone to check on you or call the National Overdose Response Service 1-888-688-6677
- 
- Carry a naloxone kit, keep it visible and close to you
  - Avoid mixing drugs
  - Test your drug by using a small amount first
  - Call 911 immediately if someone starts to show signs of an overdose and/or cannot be resuscitated after naloxone is administered

Peterborough Public Health encourages everyone to recognize the signs of opioid overdose and know what to do:

- Skin is cold and clammy
- Fingernails or lips are blue or purple
- Body is very limp
- Can't wake the person up
- Deep snoring or gurgling sounds
- Breathing is very slow, erratic or has stopped
- Pupils are very small

- If an overdose is witnessed: Call 911. Give naloxone. Stay with the person until help arrives.

“The mixture of opioids and other drugs, accidental or not, can increase the risk of overdose and death,” explained Dr. Thomas Piggott. “If you are using drugs right now, it is important that you take action to stay safe. Use with a friend and do not use at the same time. You can also ask someone to check in on you, to help with spotting, or call the National Overdose Response Service at 1-888-688-6677.”

Peterborough Public Health also stressed that under Canada's Good Samaritan Drug Overdose Act, anyone who seeks medical help for themselves or for someone else who has overdosed, WILL NOT be charged for possessing or using drugs for personal use.

For more information, or to find out how to access naloxone, please visit [www.peterboroughpublichealth.ca](http://www.peterboroughpublichealth.ca) and search for “Opioids”

## TRENT LAKES

### COUNCIL UPDATE

Highlights of Trent Lakes Council Meetings through  
**JANUARY 2022**

#### COUNCIL DECISIONS

- Continue with daytime Council meetings – 1 PM on 1st and 3rd Tuesday of each month
- Amend Sunday Waste Transfer Site hours:
  - April 15 – September 15, 2022: **11:00 AM to 7:00 PM**
  - September 16, 2022 – April 14, 2023: **11:00 AM to 4:00 PM**
- Approve the Economic Development Advisory Committee and the Parks, Recreation & Culture Committee 2022 Work Plans:  
<https://trentlakes.civicweb.net/document/85591/DRAFT%202022%20EDAC%20Work%20Plan.pdf?handle=020A6B9447E941A598347F5072DF7FF>  
<https://trentlakes.civicweb.net/document/85647/PRCA%202022%20Workplan.pdf?handle=6A0829D4CC9940C091698EB27ADDFF00A>
- Amend Waste Disposal Fees  
<https://trentlakes.civicweb.net/document/85952/Waste%20Disposal%20Fee%20Review.pdf?handle=41D2EDD2A6DD42FD9795900682509AA9>
- Support continuation and review of Community Improvement Plan (Buckhorn)

**NOTE: Next newsletter will focus on 2022 Municipal Budget, Services and Taxes**

### COUNCILLOR Carol Armstrong

Welcome to the **thirteenth** update of Trent Lakes Council activities. Please share with me your comments and feedback.

PHONE: 705-657-7518

EMAIL: [carmstrong@trentlakes.ca](mailto:carmstrong@trentlakes.ca)

#### DEFERRALS TO STAFF

- Direct staff to provide further reporting on the proposal for a consolidated Galway Public Works and Fire building (currently scheduled 2023 and 2030 respectively)
- Direct the CAO/Treasurer to report back to Council on borrowing options and necessary approvals to fund the approved Public Works , Fire Hall and Facilities & Recreation facility replacements
- Direct Building and Planning staff to thoroughly review the Buckhorn Sportspad Feasibility Study and report back to Council on the issues that need to be addressed to move ahead with Scenario A1 - Outdoor Artificial Ice with Permanent Ice System, Existing Rink, along with Status Quo
- Staff request the Buckhorn Community Centre (BCC) identify the information requirements necessary to provide Council with a definitive position statement on their willingness to enter into an agreement on any lands necessary to expand the Buckhorn Sportspad footprint
- Direct staff to develop and implement, with input from PRCAC and BCC, a public consultation process with consideration for, among other methods, in-person public sessions in each of the three municipal halls, the Buckhorn Community Centre and the Oak Shores Community Centre and a survey to solicit feedback from residents on the two options of Status Quo and Scenario A1 - Outdoor Artificial Ice with Permanent Ice System, Existing Rink and their financial impacts, all providing input to Council to establish a mandate to proceed
- Develop a Traffic By-law that would provide guidelines for implementing Community Safety Zones in Trent Lakes

**NOTE:** These are updates selected by me to keep the public informed. Any errors or omissions are mine alone. See [www.trentlakes.ca/council/meetings-agendas-minutes/](http://www.trentlakes.ca/council/meetings-agendas-minutes/)

## Sharpen Your Skates!

Weather permitting and with the help of some great volunteers we are hoping for a great winter of skating on the rink at the Cavendish Community Centre. Please remember if there is snow on the rink and you start to clear it – it all has to be removed or it makes an even bigger mess that is very difficult to repair.

Have fun – stay safe!

## It Happened in March.....

- March 1<sup>st</sup>, 1939 – Trans-Canada Air Lines, now Air Canada, begins the first trans-continental airmail service.
- March 6<sup>th</sup>, 1962 – A group of radical Doukhobors calling themselves the Sons of Freedom are the prime suspects when a bomb destroys a huge power transmission tower in British Columbia, resulting in a loss of power for thousands.
- March 16<sup>th</sup>, 2005 – One of the largest protests in Canadian history takes place when some eighty thousand students take to the streets of Montreal to demonstrate against funding cuts.
- March 19<sup>th</sup>, 2004 – A Court of Appeal ruling legalizes same-sex marriage in Quebec. Both Ontario and British Columbia had legalized same-sex marriage in 2003.
- March 21<sup>st</sup>, 1985 – Wheelchair athlete Rick Hansen leaves Vancouver his around-the-globe Man in Motion World Tour to raise money for spinal-cord research.
- March 26<sup>th</sup> 1921 – The Bluenose is launched in Lunenburg, Nova Scotia. Canada's most famous ship, the schooner was designed to fish the Grand Banks and to race.

### Pet Sitting

*I will care for dogs, cats, hamsters and more.*

*\$20.00 for dogs, \$10.00 for cats, \$7.00 for birds, \$5.00 for reptiles*

Recipe of the Month

CHICKEN ISLAND STYLE

1 broiler-fryer cut in serving pieces	1/4 c. cold water
1½ tsp. salt	1 c. diagonally sliced celery
2 tbsp. vegetable oil	2 med. tomatoes, cut in 16 wedges
1 can (14 oz.) pineapple chunks	1 green pepper, thinly sliced and halved
2 tbsp. soy sauce	hot cooked rice
2 tbsp. cornstarch	1/2 c. flaked coconut

Sprinkle chicken with 1 teaspoon salt. Brown in hot oil in skillet. Drain pineapple; add syrup and soy sauce to chicken. Cover and simmer 20 minutes. Blend cornstarch and water; add to chicken and cook , stirring constantly until thickened. Add celery, tomatoes, green pepper, remaining 1/2 teaspoon salt and drained pineapple Cover and simmer 10 minutes. Serve over hot cooked rice. Sprinkle with coconut. Yield: 4 servings.

HOUSEHOLD HINTS

1. Aroma in the Bathroom – Dab perfume on the light bulb. The heat will release the scent.
2. Closets – a few pieces of chalk tied and hung in the closed will keep it dry and fresh smelling.
3. Crayon Marks – Scrub off with toothpaste
4. To remove the rings on tables caused by cups of hot beverages, immediately rub in petroleum jelly and rub off. When you notice a white ring on your fine wooden furniture, repeat, but leave overnight before rubbing off.
5. Candles will generally keep their shape better and burn much longer if thoroughly chilled (keep in the freezer) before using.
6. A teaspoon of garlic (chopped) taken twice a day with water should help relieve the pain and swelling of arthritis.
7. Chewing gum stuck to washable fabrics will generally come off if softened with egg whites and then scrubbed or rub the reverse side of the fabric with an ice cube and scrape off.
8. Sticky drawers- rub candle wax or soap on the runner of the side that is sticking.
9. Brussel Sprouts – to cook more evenly and quicker too - make a cross cut into the stem end. Don't overcook – better when crisp-tender.
10. Don't discard the rinds of lemons, grapefruits or oranges. They make excellent flavouring for muffins and loaves. Grate the rinds and store in freezer.
