## In Passing.....

### Louise Jackson

In her 98th year and after a wonderfully vibrant life, Lillian (Louise) Jackson passed peacefully away at home on Beaver Lake - with a million-dollar view - on November 7, 2023. Born on April 19, 1926 to Joseph William Fox and Lillian Fox (née Balguc), she spent her early years in Toronto, growing up with her two brothers. As a young adult, she enlisted in the Canadian Army to serve during World War II, stationed at the Halifax Citadel.

After the war, she crossed paths with the love of her life, John Jackson. Together, they built a life, with Lou choosing their house in Whitby and John selecting the lots on Beaver Lake for their family cottage. While John worked the roads, Louise held various jobs while raising their three sons, Michael, Gordon, and Grant.

In the 1980s, Lou retired from W. L. Smith printers and settled full-time at the cottage. Retirement, however, did not slow her down; she remained as active as ever. She immersed herself in crafting, quilting, swimming, card playing and her love for reading - particularly mystery novels.

Louise was a social butterfly and a firm believer in good citizenship. She dedicated her time to various boards and committees and played a pivotal role in establishing the Cavendish Public Library, the Cavendish Community Centre, and local Youth Group. Over the years, she volunteered her time at the library, various community events, and the Good Buy Room in Buckhorn. True to her bold and honourable nature, Louise joined the Galway Cavendish Fire Department, eventually serving as Captain. She was the first woman to hold this position locally, if not provincially.

A feisty, fun-loving, and competitive woman, Louise knew how to set boundaries, speak her mind, and was a formidable and animated card player.

Louise was predeceased by her parents, Joseph William Fox and Lillian Fox; and brothers, Joseph T. Fox and Robert (Bob) Fox. She is survived by her husband, John Jackson; sons, J. Michael, Gordon (Elaine) and Grant; granddaughters, Tina (Tim Lamont), Amanda (James McWilliam), Lisa and Laura; and great-grandchildren, Jacob, Leah, Sarah, Mason and Liam. She will be missed, too, by nephew, Paul Dick (Cheryl); grandniece, Lyndsay Jackson; grandnephew, Jordan Dick; and great-grandniece, Lillian Jackson. She is also survived by new family member, Christine.

Louise's life was a testament to her radiant spirit and her dedication to her family and community. Her legacy lives on in the hearts of those she touched and the impact she made in her community and family.

A visitation to celebrate Louise's life will be held on Saturday, November 18<sup>th</sup> at the Cavendish Community Centre, 32 Community Complex Dr, Trent Lakes, from 11:30 AM – 1:00 PM with service and reception to follow.

In lieu of flowers, memorial donations may be made to the Big Brothers Big Sisters Peterborough, Cavendish Youth Group or the Trent Lakes Outreach Center Food Bank as expressions of sympathy and may be made by contacting the funeral home at [www.hendrenfuneralhome.com](http://www.hendrenfuneralhome.com) or by calling 705-652-3355.

The family also requests that all who wish to attend please bring a happy memory of Louise to be shared and added to a keepsake book.

## Thank you from Louise's family

We would like to extend our deepest gratitude to everyone who helped make Louise's final days and celebration of life as beautiful as possible. We are so thankful for the local PSW's who came to make her comfortable in her final days; the Cavendish Community Centre for the visitation, service and reception, and the wonderful people who take care of that space and the people in it; the Trent Lakes Fire Department for attending in uniform and for being pallbearers; Grace Windover, Carol Darlington and Carol Winners for baking the goodies; everyone who sent expressions of sympathy, from flowers to donations to cards and for everyone who shared a memory of Louise. This community has lightened our heavy hearts.

John Jackson and family

It is with profound sadness that we announce the peaceful passing of Richard W. Mortensen, a beloved father, grandfather ("Pops"), and pillar of our family. Richard passed away on November 8<sup>th</sup>, 2023, surrounded by the love of his family.

(Emily); and his cherished grandchildren: Taylor, Benjamin and William. He leaves behind his partner Debbie, his siblings, extended family, and many friends on Catchacoma Lake.

Rick loved life and lived his to the fullest. His generosity, strong faith, friendship, and infectious laugh have left an indelible mark on those who knew him.

Peace, I leave with you; my peace I give to you. Not as the world gives do I give to you. Let not your hearts be troubled, neither let them be afraid." John 14:27

## Christmas Tree Safety Tips

- When purchasing an artificial tree, look for the label "Fire Resistant." Although this label does not mean the tree won't catch fire, it does indicate the tree will resist burning and should extinguish quickly.
- When purchasing a live tree, check for freshness. A fresh tree is green; needles are hard to pull from branches and when bent between your fingers, needles do not break. The trunk butt of a fresh tree is sticky with resin, and when tapped on the ground, the tree should not lose many needles.
- When setting up a tree at home, place it away from fireplaces and radiators. Because heated rooms dry live trees out rapidly, be sure to keep the stand filled with water. Place the tree out of the way of foot traffic and do not block doorways.
- Tree disposal after the holidays: When you're ready to get rid of your tree, please do not burn it in the fireplace or wood stove. The rapid burning and excessive heat can damage the firebox and chimney creating a serious fire hazard. Instead, find out from your municipality the day when trees will be picked at your curbside. Many municipalities recycle Christmas trees into mulch.

## Lights & Electrical

- Indoors or outside, always use CSA approved lights. Check each set of lights, new or old, for broken or cracked sockets, frayed or bare wires, or loose connections, and throw out damaged sets.
- Use no more than three standard-size sets of lights per single extension cord.
- Never use electric lights on a metallic tree. The tree can become charged with electricity from faulty lights, and a person touching a branch could be electrocuted.
- Fasten outdoor lights securely to trees, house walls, or other firm supports to protect the lights from wind damage. Use only insulated staples, not nails or tacks, to hold strings in place. Or, run strings of lights through hooks (available at hardware stores).
- Turn off all lights when you go to bed or leave the house. The lights could short out and start a fire.
- For added electric-shock protection, plug outdoor electric lights and decorations into circuits protected by ground fault circuit interrupters (GFCIs). Portable outdoor GFCIs can be purchased where electrical supplies are sold. GFCIs can be installed permanently to household circuits by a qualified electrician.

## Decorations

- Use only non-combustible or flame-resistant materials to trim a tree. Choose tinsel or artificial icicles of plastic or non-leaded metals. Leaded materials are hazardous if ingested by children.
- Never use lighted candles on a tree or near other evergreens. Always use non-flammable holders, and place candles where they will not be knocked down.
- In homes with small children, take special care to avoid decorations that are sharp or breakable, keep trimmings with small removable parts out of the reach of children to avoid the child swallowing or inhaling small pieces, and avoid trimmings that resemble candy or food that may tempt a child to eat them.
- Wear gloves to avoid eye and skin irritation while decorating with spun glass "angel hair." Follow container directions carefully to avoid lung irritation while decorating with artificial snow sprays.

## Holiday Entertaining

- Test your smoke alarms and tell guests about your home fire escape plan. Ensure they are aware of all exits in your home.
- Keep children and pets away from lit candles.
- Keep matches and lighters up high in a locked cabinet.
- Stay in the kitchen when cooking.
- Ask smokers to smoke outside. Remind smokers to keep their smoking materials with them so young children do not touch them.
- Provide large, deep ashtrays for smokers. Wet cigarette butts with water before discarding.
- Don't drink & drive or let your guests drink & drive. Make sure you plan ahead and have a designated driver, arrange for a cab or other alternative transportation.

## Fireplaces

- Do not remove fireplace embers or ash, or if you do, place them in a metal container with a lid and cover them with water. Do not place them in a plastic or paper bag or other container that is not fire-resistant. Do not dispose of them indoors or close to your home or another structure.

- Use care with "fire salts," which produce colored flames when thrown on wood fires. They contain heavy metals that can cause intense gastrointestinal irritation and vomiting if eaten. Keep them away from children.
- Do not burn wrapping papers in the fireplace. A flash fire may result as wrappings ignite suddenly and burn intensely.
- Never burn gift wrappings, boxes, cartons, or other types of packing in the fireplace. They burn too rapidly and generate far too much heat.
- Don't hang Christmas stockings from the mantel when the fireplace is in use.
- Always use a screen in front of the fireplace to protect against flying sparks.
- Never use gasoline or any other flammable liquids to start a fire.
- Use only seasoned and dried wood.
- Never leave the fire unattended or let it smoulder.
- Clean the ashes regularly. Place the ashes in a metal container and store outside away from flammable materials.
- Don't use Christmas trees for firewood.

## Candles

- Extinguish candles when leaving the room or going to sleep. Keep lit candles away from items that can catch fire
- Place candles in sturdy, burn-resistant containers that won't tip over and are big enough to collect dripping wax.
- Don't place lit candles near windows, where blinds or curtains may close or blow over them.
- Don't use candles in high traffic areas where children or pets could knock them over.
- Never let candles burn out completely. Extinguish them when they get to within two inches of the holder or decorative material.
- Never leave children or pets alone in a room with lit candles.
- Do not allow older children to light candles in their bedrooms. A forgotten candle or an accident is all it takes to start a fire.
- During power outages, exercise caution when using candles as a light source. Many destructive fires start when potential fire hazards go unnoticed in the dark.
- Never use a candle for light when fuelling equipment such as a camp fuel heater or lantern.
- Keep candle wicks short at all times. Trim the wick to one-quarter inch (6.4 mm).
- Be wary of buying novelty candles. Avoid candles surrounded by flammable paint, paper, dried flowers, or breakable/meltable containers.
- Extinguish taper and pillar candles when they burn to within two inches of the holder, and container candles before the last half-inch of wax begins to melt.
- When buying or using novelty candles, try to determine if they pose a potential fire hazard (if they contain a combustible component for instance). If they do, or if you suspect that they might, inform your local fire department.
- Use extreme caution when carrying a lit candle, holding it well away from your clothes and any combustibles that may be along your path.

To a joyful present and a well  
remembered past.

Best wishes for a Merry Christmas  
and a Safe, healthy and happy New

Year!

# It's a Part of Our History

The Red Lion (Taken from an advertising brochure for the Red Lion)

A year round Resort Inn, nestled in a Pine Forest in the heart of an official wilderness area. A popular Honeymoon resort throughout the year. Not big and brassy but quaint and quiet.

The Red Lion Inn is on scenic Highway 507 which winds its way carefully past the many lakes and wooded areas which remain unspoiled and beautiful. The Red Lion inn is just 10 miles north of Flynn's Turn, the junction of Highways No. 36 and the 507.

The Red Lion Inn is situated 1100 feet above sea level in the Highlands of Catchacoma, off the beaten track on Highway 507. It nestles quaintly in a Pine Forest where you will find individual log cabins – extravagantly appointed and romantically secluded.

The authentic log cabins have private bath rooms, wall-to-wall carpet, electric blankets, electric base-board heating and are individually decorated. Most

have open fires.

One dines superbly in the intimate atmosphere of a small English pub-like lounge. The wood-burning, open fire, leaded windows and log beams loaded with tankards and other curios add to one's pleasure. A

tiny bar and a fine cellar offer many delights.

Whichever season one chooses one may listen to the silence in pleasant company and the friendly hospitality extended. The peaceful, old-world atmosphere is a welcome change.

Enjoy checkers, cribbage, dominoes, scrabble, or cards. Bring your music if you play the piano. Pets are welcome by arrangement.

What do you have  
in December that  
you don't have in  
any other month?

The letter "d".

## Candy-cane reindeer

Don't eat all the candy canes – save one for this whimsical reindeer. You can hang it up or give it as a gift.

1. Twist the pipe cleaner around the crook of the candy cane. Bend the ends to look like antlers.

2. Glue on a pair of roly eyes.

3. Glue on a pom-pom nose. Allow the glue to dry.

What two letters  
of the alphabet do  
snowmen prefer?

What is the  
coldest month?

Decem-brrrr!

### You will need

- a candy cane
- a pipe cleaner
- a pair of roly eyes
- a tiny red pom-pom or bead
